

ME 318 MIDETRM EXAM (TAKE-HOME)

Available between 8am on October 19, 2020 and 5pm on October 23, 2020

Due on Friday, October 23rd 2020, no later than 5:00 PM. Your exams need to be submitted online, via canvas, as a single pdf file.

Directions: You are to complete this exam **entirely by yourself with no outside discussion or help from other individuals**. The exam is due on Friday, October 23rd, 2020 no later than 5:00 PM. **Your exam needs to be submitted online, via canvas, as a single pdf file.** You may use a calculator, Matlab programming environment, lab notes, homeworks and textbooks. **Please turn in ALL written work, including all m-files and code used to answer each problem EVEN IF NOT SPECIFICALLY REQUESTED. Label and title all graphs.** Attach all requested material **in a clear, ordered and organized manner**. The professor and TA-s will be available during the week to clarify whatever issues you have with the exam. Every effort will be made to answer e-mails within 24 hours.

Please sign and date the following contract after you have completed this exam only if it applies to you. Conduct yourself in a manner that will allow this contract to apply to you when completing all portions of this exam. **Signed and dated version of this title page should be the FIRST page of your exam submission (it should be the title page of your exam).**

In accordance with ethical standards maintained by the University of Texas, the attached material represents original work prepared exclusively by me. I have neither offered, nor received help from classmates or other students while preparing this document.
